

Vision **A Carigara, our hometown, a real showcase of its unique culture and legacies;**

Where there is justice for both rich and poor;

Where people live without fear;

An eco-friendly community united in peace and love,

Led by true, selfless servant-leaders

Mission **Building on the strengths and responsibilities of its members, the Coalition Team for Change brings together the God-given talents and resources needed to achieve their vision and mission:**

- **To provide genuine transparency in governance and to imbue ethics of the highest standard and order in public service**
- **To identify the present problems/concerns in our town brought about by the 6-years present administration “pagdumara han bungto” and hopefully correct/address them through just and lawful means**
- **To strive to protect our “kalibungan” to provide a safe and healthful living to the townspeople**
- **To let most, if not all, national and provincial programs reach the grassroots level so EVERYONE will benefit, not only a chosen few or political cronies**

Values **COURAGE, INTEGRITY, LOYALTY**
